WISCONSIN HAS NO VOICE IN SENATE

Both Lenroot and La Follette III; Won't Resume Duties For Time.

[SPECIAL TO THE GAZETTE] Washington.—Not for years has a state and two senators in the casualty list. As Senators Lenroot and La Follette now are. Some years ago Illinois was entirely without senators. Lenroot, having been unseated and a dead-end president, the prompt naming of a successor to Senator Culom.

It was considerable improbable today that either of the Wisconsin senators will be able to resume their full activities at this session of congress, which is scheduled to adjourn in June.

Senator La Follette is recovering from pneumonia. Senator Lenroot is suffering from a nervous condition, caused by overwork. Proper rest will put both Wisconsin senators back in the senate. Senator La Follette is 65 years old. Senator Lenroot is 55.

No Matter Where They Went They Were Never Far From Home

At least they wouldn't have been if they'd had all of the thirty-eight offices of room and board in a comfortable home that came in response to their Gazette ad.

Mr. and Mrs. Curtright, 418 Franklin street, wanted to find a home for their children in a private family. In fact, they told a Gazette advertiser about it.

And then—

There were thirty-eight calls from people who had seen their ad and thought they had the sort of place that would suit them. There's no use adding that they found exactly what they wanted.

If you are looking for a comfortable room—and can't find it—

\$2,000 IN CASH BAIL FORFEITED

Anderson Fails to Report for Hearing—Search Is Ordered.

Cash bail to the amount of \$2,000, put up in municipal court last Friday to insure the appearance of Arthur E. Anderson for his preliminary examination on a statutory charge, was declared forfeited to the county by Judge H. L. Maxwell Wednesday, when Anderson failed to appear for his hearing at 10 a. m. The bail was in the form of a bank draft made payable to H. C. Willis, Janesville, and endorsed by him.

It is one of the largest bail bonds ever forfeited in Rock county.

Absence Not Unexpected. Anderson's failure to appear for examination was not unexpected, as it is understood he sold out his half interest in the American Lumber Co. prior to his arrest.

In calling the case at 10 o'clock Wednesday, Judge Maxwell declared the bail forfeited and instructed Chief Charles Newman to make every effort to locate the man and bring him back to face the charge.

Arrested Twice in Past. Investigation by Chief Newman of Anderson's action in towns where he lived before coming to Janesville some three years ago, resulted in the receipt of the following telegram from the chief of police of Paxton, Ill.

Arthur E. Anderson tried twice here on similar charge. July 9 to 9 for conviction.

COOLIDGE BETTER THAN 2 TO 1 VICTOR IN MICHIGAN POLL

Detroit.—President Coolidge and Henry Ford held their leads for presidential preference as believed results from the Michigan primary election Monday came in today.

With 2,252 of the state's 2,390 precincts heard from, the president had more than a 2 to 1 advantage over his opponents on the republican ticket.

The vote was: Coolidge 185,944; Hiram W. Johnson, 81,551; W. G. Simpson, 7,590.

On the democratic side Henry Ford had a lead of slightly more than 2,000 over Senator Woodbridge S. Ferris, with 2,252 precincts reported. The vote was: Ford 34,483; Ferris, 31,297.

WHEELER'S INVESTIGATION

Washington.—Investigation of the charges against Senator Wheeler of Montana, prosecutor of the Daugherty committee, in the indictment returned against him yesterday in the federal court in Montana, was ordered today by the senate. A resolution, which provides for a special investigation committee of five was adopted without a record vote. It was offered by Senator Walsh of Montana at the request of Senator Wheeler.

[BY ASSOCIATED PRESS] Washington.—Following a question of personal privilege, Senator Wheeler, democrat, Montana, denounced on the senate floor today the indictment returned against him yesterday by a grand jury in his home state. Senator Wheeler spoke to a crowded senate, practically every member being in his seat and the galleries jammed.

The Montana senator first gave a brief resume of his personal career from his birth in Massachusetts to his entrance into public life in Butte, Mont., where he said he incurred the ill will of one of the largest financial interests in the state by voting for Senator Walsh, democrat, his present colleague.

For that vote, Senator Wheeler said, he was told he could not remain in public affairs or in the state. But he received as district attorney, he said, "it became my duty to prosecute some prominent politicians, both republican and democratic, and to cite certain public officials for contempt on charges of tampering with a jury."

One of these officials, he said, later became associated with a larger company and from that point on "has been active in opposing me."

"While in office," Senator Wheeler continued, "I found it incumbent to prosecute graft and corruption and to lead an inquiry in the interest of justice investigation. As a result I find myself today standing indicted."

"This indictment," he said, "is part of one of the most damnable schemes ever consummated in the United States."

Senator Robinson, Arkansas, the democratic leader, urged an investigation of the indictment and suggested that a new committee be appointed because Senator Wheeler is a member of the present committee.

Senator Walsh, Montana democrat, introduced a resolution proposing the appointment of a committee of five to investigate the charges against Senator Wheeler in the federal court in Montana.

Grand Jury Indicts. WHEELER'S OIL DEAL. [BY ASSOCIATED PRESS] Great Falls, Mont.—United States Senator Burton K. Wheeler was indicted Tuesday on a charge of accepting money as a bribe for after he became United States senator, to influence the granting of oil and land patents.

Gordon Campbell, noted in the western oil states as a geologist, and L. C. Stevenson, an oil operator and promoter, were indicted with Senator Wheeler on charges of using the mails to defraud.

Charles L. Blumhoff and E. D. Bailey, oil men, were indicted in a third separate indictment charged with conspiring to defraud the public through the mails. Bailey was caught in the Texas oil probes in which Dr. Cook was a defendant, is at present serving a prison term of one year on a charge, according to federal officials.

\$10,000 Fee Mentioned. Senator Wheeler is technically charged by the violation of section 112 of the penal code. The size of the fee which it was alleged he received was not stated officially, newspapermen being told by department of justice officials that it was \$10,000. The money was alleged to have been paid (Continued on Page 2)

WAKE HAMON SAID CHECK NOMINATED HARDING, CHARGE

TEXAN TESTIFIES FOR OIL COMMITTEE IN PROBE.

"DEALS" REPORTED Ohio Aide Denies Part in Handling of Funds During Campaign.

[BY ASSOCIATED PRESS] Washington.—Further inquiry into reports of "deals" at the republican national convention at Chicago in 1920 was made today by the senate oil committee.

J. A. Daugherty of Hartington, Tex., an ally of oil operator of Oklahoma, testified that the late Jack L. Hamon, republican national committeeman of Oklahoma, told him he had "signed the check" that resulted in the nomination of Warren G. Harding. This conversation took place after the Chicago convention, Daugherty said. He quoted Hamon as saying that he would spend \$1,000,000 if necessary to put Oklahoma in the republican column in the general election.

William H. Miller of Columbus, O., testified that he assisted in Harding's campaign, apparently was not nominated for the republican presidential preference primary, conceded victory to President Coolidge at 11 a. m.

Return from 731 precincts out of 1,924 in Nebraska show the following vote: Coolidge 33,311; Johnson 18,735.

Senator George W. Norris, republican, apparently was not nominated by substantial plurality over Charles S. McNary, regarded as a Coolidge supporter.

Charles W. Bryan was renominated as democratic candidate for governor, but the republican nominee is in doubt.

William G. McAdoo was leading in the field in the democratic presidential preference race, in which the voters had to write in the names, as no one was formally entered.

[BY ASSOCIATED PRESS] Chicago.—Illinois endorsed President Coolidge, renominating Governor Len Small, republican, and produced a great battle for the republican nomination for United States senator between Senator McCormick and former Governor Charles Deneen of Chicago, in the primaries yesterday.

Deneen was leading McCormick by 14,000 on the face of unofficial returns from nearly half the precincts outside Cook (Chicago) county unreported.

On the democratic side, William G. McAdoo was unsupported for presidential preference, but the republican state of "no preference" delegates at large to the national convention, and opposed to McAdoo, organized state ticket headed by A. SHOALS VOTE IS PROMISED

[BY ASSOCIATED PRESS] Washington.—This congress will never adjourn until it has voted on Henry Ford's Muscle Shoals bid, a senate leader declared today. If opponents of the bid show any signs of obstructing a vote, the Ford supporters claim they have enough forces to bring the bid to the floor of the senate and have it rejected or accepted.

The first step would be to have the senate agricultural committee discharge from further consideration of the measure.

This step will not be necessary, in the opinion of proponents, who believe the committee will report the bid out, probably without recommendation, with the week after public hearings are started, April 16.

FAMILIES FLEE IN MINE WAR SNIPING

Woman and Children in Exodus to Escape Bullets from Mountaineers.

Pineville, Ky.—Tension was renewed at the mining camp of the Liberty Coal and Coke company at Straight Creek Tuesday night and in Kentucky was that a new crisis in Bell county's "mine wars" was approaching. Intermittent firing into the camp by riflemen hidden on adjacent mountaintops was heavier and there were desultory exchanges of shots between the snipers and National Guardsmen.

Women and children from the families at camp began an exodus on Tuesday to Pineville and other points of safety outside the "war" sector. This movement of non-combatants followed a night raid which occupants of houses at Straight Creek were reported to have sought shelter under floors and behind heavy furniture from rifle bullets that struck the buildings.

Reports here were that orders had been issued for all women and children to leave the camp by midnight, but this was denied by company officials. Groups of families were seen leaving the camp on Tuesday.

Woods surrounding the camp were burning fiercely Tuesday night. Reports of the origin of the fire conflicted. Operators asserted that the mine had been started by a machine gun, fired by guardsmen at the scheduled payment of \$250,000 in gold marks in 1922 to 2,500,000 in 1924.

Index of Prosperity. In order to prevent these payments from affecting adversely Germany's financial stability, an index of prosperity has been fixed, making it possible to judge whether the amounts of the scheduled payments are or are not beyond her capacity.

A general board of control, including an American, with allied, neutral and German members, the experts' solution of the difficult problem in determining the terms of eventual settlement under their plan. The experts found this plan most likely to satisfy the allied, neutral and the same time prove acceptable to the Germans. One member of this board, with the title of commissioner, will be vested with the important duties of deciding according to an index of prosperity when the payments provided for in the plan may prove too onerous and may threaten the upsetting of German finances.

The index is to be based upon German exports and imports, the total budget receipts and expenditures, railroad traffic, the monetary value of the consumption of sugar, tobacco, beer and alcohol by the total population and the consumption of coal. Percentages will be fixed on the average statistics covering these bases, first for three years, then for six years, compared with the base being separately computed

Reparations Plan of Experts Seeks to Aid Germany

of Experts Seeks to Aid Germany

[BY ASSOCIATED PRESS] Paris.—The report of the experts who have been engaged for the past three months in the task of ascertaining Germany's capacity to pay reparations was handed to the reparations commission today. The two committees under the chairmanship of Brigadier General Charles G. Dawes and Reginald McKenna, respectively, have gone deeply into the intricacies of the many problems connected with reparations, and, as mentioned in the covering letter, they approached the task "as business men anxious to obtain effective results."

The league of nations is drawn into the reparations problem by the Dawes report, while an unofficial representative of the United States is slated for an important role in the execution of the experts' plan. An American member of the General board of control for the proposed new gold bank of issue is quite likely to fill the important post of "commissioner." His duty will be to decide when Germany's capacity to pay has been reached, while the league finance committee will be asked to arbitrate if the commissioner's decisions in applying the "index of prosperity" are disputed by either Germany or the allies.

A business matter bereft of politics is how the experts describe the task they have just completed. They interpreted the object of their work as tending to the collection of the debt, rather than to the application of penalties, with a purely economic solution in view.

Recognizing the obligation of Germany to pay and declining that she has resources with which to pay, the experts insist that if Germany does pay she must have funds—see to exploit her economic resources.

The experts carefully omit in their report mention of the Ruhr, but make it plain that the French and Belgians must satisfy themselves by levying reparations on the Ruhr, if they see fit, but taking their hands off the Ruhr and Rhineland railroads and the Ruhr industries.

The first prerequisite to the payment of reparations, the experts assert, is sound money in Germany. The plan is to end the establishment of a new gold bank of issue with 400,000,000 gold marks capital, in the organization of which they make it the interest and profit of Germany, as well as to the advantage of the allies, to operate.

Germany's production, they say, will enable her to meet her own reparation obligations. The plan is to apply to reparations as contemplated in

TODAY'S MARKET

GRAIN

Chicago Review.
Chicago grain prices underwent a little setback today during the early dealing. Fine weather continued to be the chief influence, with trade feeling volume no doubt effect on values apparently resulted from publication of summaries of the Daves report, although some foreign selling of wheat here was evident. Wheat opening prices, which varied from uncleaned figures to \$1.02 1/2, were followed by a slight rally and then another set.
Subsequently there was a notable lack of aggressive buying, and further declines were witnessed. The close was unsettled at 1 1/2 to 1 3/4, lower, May \$1.01 1/2 to 1.01 1/4 and July \$1.03 1/2 to 1.03 1/4.
There was more or less reaction by evidence that the movement of the crop to terminals showed some increase. After opening unchanged to 1/2 off, May 77 1/2 to 77 1/2, prices underwent a moderate general downturn.
Eastern demand was reported as slow, and railway power here was absent. The market closed weak, 3/4 to 1/2 off net, and 1/2 to 3/4 off gross.
Oats started unchanged to a shade lower, May 47 1/2. Later the decline went a little further, and the market was firm in line with the hog market.

COVERAGE

There Are 4390 Homes in Janesville. 4889 Copies of the Gazette Are Delivered in This City Daily

MILK, groceries, shoes, furniture, or any other commodity of general consumption can be advertised in the Gazette to the best advantage, because here is concentrated advertising value—a complete coverage at one small cost.

Gazette circulation is today, 1256 copies more than it was a year ago today—an indication of the extra value Gazette advertisers are constantly receiving.

Every home in Janesville takes the Gazette and it is read in each of these homes with eager interest daily. Unless your advertising is there they cannot see it, nor can they get the full story of your product, service, ideals, quality and price, unless you tell it to them through the Gazette.

In addition to this intensive circulation in Janesville, the Gazette covers 40 other cities and towns surrounding Janesville, the business of which is largely tributary to this city—The figures are shown in the table in this advertisement.

The Gazette's Advertising Service embraces advertising counsel, preparation of copy, schedules and complete campaigns, furnishing of excellent illustrations to fit your business, a merchandising service second to none in Wisconsin, all of which are given to Gazette advertisers without charge.

If you want additional business, Gazette advertising can play a big part in getting it for you. An interview will not obligate you in any way.

By FRANK SINCLAIR

EVERYBODY loves a scrap. It doesn't make any difference what the nationality of the soldier, where there is a row going on, there a crowd will gather. Proof of the remark comes from way off in Africa where 10,000 spectators gathered for a fight between Young Assemo and France and Henri Horman of Belgium. It was one of the largest gatherings ever assembled in North Africa. North Africa, not so many years ago a country of savages. Very likely the vast amount of publicity and notoriety won by Battling Siki, the Senegalese, has something to do with the surprisingly large interest taken in Africa in the little game. Particularly Anglo-Saxons, the contest of pugilist nature has come around the world and caught in its grasp even the women of Germany. It is the sport that draws more interest than any other.

THAT DEMONSTRATION given at Nashville, Tenn., on Sunday when a game between the Yankees and the Brooklyn Dodgers had to be called in the 10th because the crowds were getting so big that Babe Ruth is a tribute to the Bambino. It wasn't a curious mob; it was an admiring one. Curiosity may have brought the folks to the ball park, perhaps, but it was a great crowd of people who came back that caused them to swarm around.

"PERHAPS the most important result of the joint major league meeting of the inter-league agreement to limit the purchase price of minor league stars hereafter to \$25,000 per player," says Francis C. Richter in the New York Herald. "This hereafter will be the maximum sum that can be paid for any minor league star, no matter how highly touted or how really able, and will obviate future mass reports of \$50,000, \$75,000 and \$100,000 for players who could be bought for \$25,000. The hope and expectation of the public expected by these ridiculous figures, even if most of them are 'bunk.' Other beneficial results of this limitation are: decrease of the public mind that minor league baseball is a veritable gold mine; that clubs will not hereafter enjoy a fabulous newspaper reputation for liberality and wealth; that incoming minor stars will have a chance to display their real ability unhandicapped by tales of prohibitive sales prices; that less wealthy minor clubs will have an equal chance in the player market with the wealthier and consequently more successful clubs; and last, but not least, it will teach the draft exemption leagues that they cannot profit by draft exemption through the sale of players, thereby restoring to the first place of enormous figures. This is a reform we have long waited for."

Nelson, star pitcher, elected football captain and basketball captain of Beloit college.

Dr. Emanuel Fischer, Germany, instructor in international chess tournament.

BRINGING UP FATHER

Junior Light Weight Title of State at Stake April 23

The junior lightweight boxing championship of the state of Wisconsin will be at stake when Joe Azzarella and Billy Klein of Milwaukee clash in the windup of the April 23 card here. The show will be staged in the stock pavilion in the fair grounds.

Both Klein and Azzarella claim the title. They are the only ones in the state, to the best information, who are out for this belt. However, no one is actually accredited with it.

These facts will make the contest here even more spectacular. Azzarella, the Italian windmill speedster, feels certain that he is going to either put Klein away or gain the decision.

The fact that Klein suffered a knee in Milwaukee's last Friday night at the hands of Henry Bass will make no impression on the coming scrap for the crown. Klein is young in the game and what he suffered is liable to happen to any of them.

The real fact of interest is that these two boys have appeared here and have pleased their audiences with their respective styles.

Word was received here Tuesday morning that Heber Becker, Edgerton, was hurt in training and will be unable to fight on the next card against Ehle of Janesville. Billy Cullen of Milton has been procured as substitute. He is training with Eddie Hill.

The card is now set.

R. F. B'S. ISSUE STATEMENT

The following letter has been received by the sports department of the Gazette from Clarence (Ted) Hager, captain of the Janesville R. F. B. basketball team, relative to last Saturday night's game here between the R. F. B. and the Edgerton American Legion. It follows:

"The R. F. B. and Edgerton American Legion met at Edgerton several months ago, and the R. F. B. lost. A contract was signed and set for a game to be played at a certain date. No gym was available for the R. F. B. to use and the return game was not made. Not until April 5th could the R. F. B. get a gym. A call was sent to Edgerton Tuesday April 1st, for the Legion team to play here at Janesville. The Edgerton management accepted."

"Edgerton won the championship of southern Wisconsin, in which the R. F. B. withdrew. In Wednesday night's Gazette, there was a piece furnished by the R. F. B. that they would play the championship game at stake was the goal set for by the R. F. B. and the Edgerton American Legion. It follows:

"The game went on, Janesville won by a big score. Edgerton then made the kick. Why make it after the game and also after they had lost? This after four days advertising by the local team, which now naturally throws the R. F. B. team in a bad light. Edgerton beat Janesville once. Were they confident they could do it again? They must have been or otherwise they would have spoken up. If not, why did they break their agreement and send down a second team when their first team should have been here, as was advertised, and was signed to appear here?"

"Furthermore, what is Edgerton's first team and what is their second team. The game that the R. F. B. lost at Edgerton the following men took part: Heller, Wescott, Mabson, Hadden, Hardeen, Guinness, Johnson, Williams."

"Was it the fault of the R. F. B. that Edgerton sent down their second team, and that the R. F. B. should be the ones to suffer? If Edgerton really had a second team, where has it played before?"

"The following letter, signed by Mr. Shaw, is also given out by Hager:

"What are you going to do about the game you are to play us. We must have action immediately. Our team has made a reputation for itself in the district and state tournament which is good advertising for any games we play from now on. Sinclair has plenty of dope on our team for advertising the game."

From The Chicago Tribune, March 24, 1924

Citizens of Wisconsin!

You Men and Women of Milwaukee and Wisconsin.

Would you join in destroying Chicago, the main market for your products?

Chicago's ruin is imminent, and the health and lives of 3,000,000 American Citizens—your friends and neighbors—are in the balance.

Will you be a party to wholesale slaughter of Chicago's Citizenry? To save Chicago, 10,000 cubic feet of water per second from Lake Michigan is absolutely necessary.

Shut this water off and Chicago is doomed!

Who opposes Chicago's use of this water?

Canadian Power Interests.

Navigation Interests on the Lakes.

These Commercial Interests Tell You:

1 They state that Chicago wants this water for power from which over \$1,000,000 profit is made each year.

The fact is that this water is used strictly for sewage disposal and such little power (1-50th of the amount developed at Niagara) as is obtained as a by-product is used for public street and park lighting, *without one cent of profit*. Chicago has no financial interest in this power, and its loss would mean nothing to Chicago.

2 They state that Chicago could use treatment plants for sewage disposal by the expenditure of \$90,000,000, and not need 10,000 cubic feet per second.

DO YOU KNOW that Chicago is engaged in spending \$106,000,000 and has already spent another \$23,000,000 in new construction on treatment plants—

MORE than these interests themselves ask Chicago to spend?

DO YOU KNOW that Chicago is continuing to build sewage treatment plants, as suggested, as fast as it is humanly possible to do so?

DO YOU KNOW that these plants are necessary *in addition to* and supplemental to the need for Lake Michigan water in order to insure against typhoid epidemics, which would immediately result from a backing up of the Chicago river?

3 They tell you that navigation has suffered due to lake levels 5½ inches lower because of this diversion.

DO YOU KNOW that the Sanitary District has waived all argument as to how much the lakes have been lowered, and has offered, *by certified check*, to pay the cost of regulating and compensating works to restore any lowering in any manner the U. S. Engineers direct?

4 They tell you Chicago is taking this water in violation of the treaty with Canada.

When did Wisconsin citizens become so jealous of the rights of Canadian and British power interests? The fact is, that the treaty gave Canada 36,000 cubic feet of water for power at Niagara, while America got only 20,000, because, as was agreed, "there appears to be a tacit general agreement that Chicago needs or will need, about 10,000 cubic second feet of water for sanitary purposes, and that the City should have it without question." (Paragraph 19, page 520—Canadian Compilation of Reports of International Waterways Commission—1909.)

To Fair Minded Citizens of Wisconsin, we say that the single and only purpose of the Sanitary District of Chicago in seeking 10,000 cubic feet of water per second from Lake Michigan, is to preserve the health and lives of the men, women and children of the great metropolitan area of which Chicago is the center, and that the Sanitary District is using every physical and financial resource to build artificial sewage plants to care for its growing and pressing needs as fast as possible.

Health Is the Only Issue

Do not be misled by false and groundless statements intended to prejudice you against Chicago and do not permit your City and your State to be used as a tool of the Canadian and other Power Inter-

ests, who feel it will reduce their power at Niagara Falls and who demand Lake Michigan's water for their own power schemes and care nothing for Chicago's health and the lives of American Citizens.

**We urge you to verify the truth of these statements
before your Congressmen act at Washington**

By authority of

The Sanitary District of Chicago

WM. J. HEALY, President

YOUTH OF COUNTY TO HAVE INSTITUTE

Will Be Held at Evansville
July 30-Aug. 2—Big
Prize List.

An innovation in Wisconsin, the first Rock county Juvenile Farmers' Institute will be held at Evansville, July 30-Aug. 2, under the auspices of the Rock County Fair association. According to plans being formulated by Father W. P. McDermott, president, it will be a gala day for the boys and girls of Rock county and will mark an epoch in the history of junior agricultural work.

Like their fathers have at institutes in the past, the coming leaders of the county will meet for a session each day when they will listen to Wisconsin's leading agricultural experts, hear talks on the history and selection of the fine cattle, of hogs, poultry and other kindred subjects which will be followed by judging contests in which the young farmers will be the participants. No finer aggregation of any institute for adults than will present their knowledge for the help of the juniors at the first juvenile institute.

Lectures and demonstrations will be given by the following: Mrs. Nellie Kedzie Jones, University of Wisconsin Extension Division; Miss Anna Leutscher, Rock county nurse; "Health," Prof. J. G. Fuller, college of agriculture; "Animal Husbandry," Prof. L. A. Moore and Prof. L. T. Holden, college of agriculture; "Seeds," Prof. J. G. Halpin, college of agriculture; "Poultry," and W. J. Dougan, Beloit, "Cow Testing."

Throughout the daily session of the institute will be a period of organized play with the assistance of J. K. Arnot, county Y. M. C. A. secretary, and Miss Helen West, physical director of the Evansville Y. W. C. A.

All Rock county rural schools are invited to participate. Keen rivalry is expected to be displayed for the championship banner, which will go to the school whose members together win the largest number of points during the institute in the various contests. There will be a series of individual prizes and cups and cash premiums in addition to those which are a part of the Rock county fair.

Special Awards Offered.

Announcement is made that the sweepstakes banner becomes the permanent possession of a school winning it twice. A silver cup to be retained by the school will be given each year in addition. Another prize is the "Pumpkin Show" special prize which gives the boy or girl making the best record for farm achievement projects during the year, a gold medal and \$10 in gold. A special award will be made to the boy or girl with the highest number of points during the institute.

The plan for the institute confined solely to boys and girls of Rock county is absolutely new and is being given enthusiastic endorsement and support by all agricultural leaders and educators.

Indorsed by Leaders

Among those who have indorsed it are Dean H. L. Russell, of the college of agriculture of the University of Wisconsin, John D. Jones, Jr., state commissioner of agriculture; John Callahan, state superintendent of public instruction; G. T. Longbotham, county superintendent of schools; Prof. Edgar B. Gordon, head of the extension division of the

COUNTY LEADER

REV. W. P. McDERMOTT.

Being a steadfast believer that the future of agriculture lies in training the boys and girls of today so that they will remain on the farm, the Rev. W. P. McDermott of Evansville, has taken the boys and girls club work a step further in formation of plans for the institute. Father McDermott is president of the Rock County Fair association and the plan for the institute made by him has brought recognition from leading badger agriculturists and educators as a splendid plan.

Thanks Friends

I cannot resist the desire to express to you my appreciation of the great "vote of confidence" you gave me at the recent election. The credit is yours. With no attempt on my part to influence your vote, you have made me very happy. And let me say to you that I rejoice in the confidence I have won and the friendships I have made in the years gone by far more than in the mere fact of my re-election.

May I not indulge the belief that the enthusiastic support you gave me, and which brought about such an overwhelming result, was prompted by faith in my character and resolute determination to continue to serve the welfare of all to the utmost of my ability? I shall so assume, and with grateful heart I pledge myself to your service "with malice toward none, with charity for all, with firmness in the right, as God gives me to see the right," for my mistakes that same charity of judgment at your hands which I am ever willing to accord to you.

Your friend and servant,
GEORGE GRIMM.

KANSAS BANKER TELLS HOW HE WON FIGHT

Prominent Man Gives Tanlac
Credit For Helping Him Win
Battle With Stomach Trouble.

"That I am so strong, active and full of energy at seventy-six I can attribute only to the help I have received from Tanlac. It has won my stamp of approval. I give it my unqualified endorsement."

The above statement was made, recently, by M. Nightster, a retired banker and farmer, of Sedgewick, Kas. Mr. Nightster was the first president of the Farmers State Bank of this place, and is still a director. He has lived in this section for a half century and enjoys the respect and esteem of all who know him. Speaking further of his experience with Tanlac, Mr. Nightster said:

"Before taking Tanlac I had been trying everything for three years in my efforts to get rid of stomach trouble, but just kept on getting worse and worse. My digestion seemed wrecked and I would suffer pain and misery for two or three

hours after a meal. This indigestion also made me feel drowsy, and I had no appetite. Again a spell of flu, a few years ago, left me with such a weakness in my legs that I could hardly get about."

"I began taking Tanlac in October, 1922, and in a few weeks, then, my friends were stopping me on the streets to tell me how well I was looking. Tanlac had done what my wife and myself both thought impossible, uprooted all my troubles and built me up to all 'round good health. I consider that each bottle of Tanlac I took did me all of a thousand dollars worth of good."

"I still take Tanlac now and then as a tonic and I couldn't ask for better health and strength than I now enjoy. My appetite and digestion never fail me. I sleep fine and haven't an ailment to complain of. Tanlac will certainly stop a lot of needless suffering if it only has a chance."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

GEN. DAWES' LETTER
TELLING OF WORK
BY COMMISSION

(Continued from page 1.)

means for assisting the economic recovery of all European peoples and the entry upon a new period of happiness and prosperity unimpeded by war.

"Since as a result of the war, the creditors of Germany are paying taxes to the limit of their capacity, so also must Germany be encouraged to pay taxes from year to year to the limit of her capacity. This is in accord with the just and underlying principle of the treaty of Versailles, reaffirmed by Germany in its note of May 29, 1919, that the German scheme of taxation must be 'fully as heavy as proportionately as that of any of the powers represented on the commission.' More than this limit could not be expected and less than this would relieve Germany from the common hardship and give to her an unfair advantage on the industrial competition of the future. The plan of the commission embodies this principle.

"Feasible Adjustments. The plan has been made to include feasible adjustments which from the very beginning to produce a maximum of contributions consistent with the continued and increasing productivity of Germany, the condition of the economy and the needs of the people. The plan is not a mere list of payments to be made in the near future as dictated by business prudence in outlining the basis of a loan and should not destroy the relief Germany from the common hardship and give to her an unfair advantage on the industrial competition of the future. The plan of the commission embodies this principle.

FASHION DISPLAY of the HOUR

CLOTHES FOR MEN

Tailored to Satisfy

Fresh from the packing cases are these newest models for spring in men's suits and top coats. Different enough to make them very good looking, yet in no way are they extreme. You will find just the suit or coat for your taste from this splendid showing—the product of our best makers including Hirsch-Wickwire, Michaels Stern, and Sincerity. Let us show them to you.

Furnishings

*Everything a
Man Needs*

Whether it be new hat or cap, shirt, tie or socks, your needs can be filled in our furnishings department, where the newest ideas in men's apparel are shown first.

SPRINGTIME IS DRESS-UP TIME

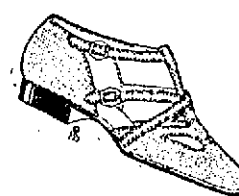

It is with pleasure that we announce the opening of our newly decorated store on Friday and Saturday, and we invite you to make us a visit anytime. Everything has been done to make our store fresh and clean—for many days new goods have been arriving and have been placed on our shelves, so we feel certain that shopping here will be a pleasure and a satisfaction.

QUALITY ALWAYS

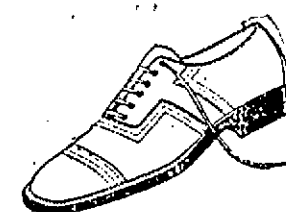

As in the past, so in the future, quality is always first. But quality does not necessarily mean extravagance—for moderate prices will be found—in all departments. It is this policy of giving the best merchandise at lowest possible prices that is increasing the popularity of Janesville's Greatest Clothing and Shoe Store.

*Finest of
Hosiery*

There are so many clever styles in footwear this season that choosing "shoes for the occasion" is a simple and pleasing task. The colors of Jack Rabbit Gray, Airedale, Pearl and the brighter shades of Blue. Red and Green are especially attractive to the feminine eye, while the new-coming white kid slippers are unusually different.

Men's oxfords for spring have a broader shape—the new shade of tan being very popular.

Children's Department

For the little folk there are styles just as attractive—special attention to the proper fitting of shoes is emphasized.

Women's Silk Hosiery

Our complete line of "Kranit" Silk Hosiery gives you the desired color for your new slippers. A beautiful showing in all the new shades, both heavy silk and chiffon.

The Boys' Department

*Is Ready to Outfit
Your Boy*

In the spring, boys as well as men, think of new clothes. Our boys' department is ready with suits, caps and things that make the Easter Outfit complete.

The very moderate prices in this department will be a revelation to mothers who are purchasing spring clothes for boys.
